

Keep Your Real Estate Business Sharp with the Epson EcoTank® Pro ET-5850

You're a busy realtor with plenty of demands on your time. You need a printer that can help you be productive and efficient. Meet the EcoTank Pro ET-5850 — the printer that can keep up with you and your business all day.

A Better Way to Print

You might have thought laser was the better way to print, but the EcoTank Pro ET-5850's cartridge-free design efficiently generates high-quality color prints so your real estate business and properties can shine.

Stay cool and save

Laser printers use heat to fuse toner onto the paper. The EcoTank Pro ET-5850 uses Epson's unique PrecisionCore Heat-Free® technology delivering high-quality printing with low power consumption, fast first page out, and high-capacity ink supplies all designed to be affordable, reliable, and reduce downtime.

Get more, keep printing

Forget expensive toner cartridges! With this printer's supersized ink tanks, workgroups can print in color all they want. They're easy to fill and help you save when printing the variety of color graphics documents your real estate business produces every week.

Savings based on printing 25,000 pages with this suite of 5 print samples on both the Epson ET-5850 and a top selling color laser printer.

Save up to \$14,800 with the EcoTank Pro ET-5850 versus a leading color laser printer when printing 25,000 pages.¹

Ready to kiss expensive cartridges goodbye?

Looking Good on Paper

You only want the best quality to communicate your brand and your properties. The EcoTank Pro ET-5850 delivers print-shop quality that can help your photographs and messages stand out. Whether you're printing black and white documents such as contracts and offers or colorful open-house information sheets and property flyers, we have you covered with sharp text and vibrant colors.

High quality

Epson EcoTank ET-5850 uses DuraBrite Pigment Ink, generating crisp, vibrant print quality and sharp prints. With sizes up to 8.5" x 14", including borderless prints, you get professional output on every real estate printing job, from paperwork to signage.

Print speed determined by ISO speed test.

Fast

You can't wait around when you're off to meet a prospective buyer. Powered by Epson PrecisionCore Heat-Free technology, the ET-5850 is one of our fastest EcoTank printers.² — there's virtually no warmup time. You get fast first page out and fast print speeds up to 25 ISO ppm black and color.³ And with instant dry ink, your printouts can go straight from the printer into your bag.

High-Performance Printing

The EcoTank Pro ET-5850 provides high performance color printing for your business. Its powerful suite of productivity features helps you fit more into your busy day.

Powerful productivity

You want a printer that can support your demanding print schedule without missing a beat. The EcoTank Pro ET-5850 features a large 4.3" color touchscreen, full Auto Duplex functionality, 50-sheet Auto Document Feeder, and up to 550-sheet paper capacity with two front trays and a 50-sheet rear feed for specialty paper. Giving you the power to get it done in one place, quickly.

Wireless technology

The EcoTank Pro ET-5850 is the ultimate wireless solution featuring not only Hands-Free Voice Activated printing⁵, but also Ethernet and wireless networking for easy printing from your mobile devices.⁶ Wi-Fi Direct[®] means you don't even need a local area network.⁷

High-volume reliability

You need reliable performance, that's why we offer a class-leading two-year limited warranty with registration⁴, plus key security features; WPA2 for both wireless and Wi-Fi Direct⁷, user-initiated data erase and network protocol disablement.

Zero Toner Cartridge Waste

The EcoTank Pro ET-5850 isn't just easy on your wallet; it's free of cartridges and easy on energy consumption.

Cartridge-free

Both cartridge-free and toner-free, there's minimal plastic waste. The ET-5850 high-yield ink bottles generate up to 30 times LESS plastic waste than a leading color laser's toner cartridges.⁸

Low energy consumption

With Epson PrecisionCore Heat-Free technology, the EcoTank Pro ET-5850 delivers high-volume output with up to 40% lower power consumption than color laser printers⁹, efficiently supporting all your real estate printing needs.

1. Actual savings will vary considerably based on print tasks, print volumes and usage conditions. Savings based on printing a suite of 5 print samples over the stated number of pages for both the ET-5850 and a top selling color laser printer with included bottles and enough replacement ink bottles vs a top selling color laser printer and the included color laser toner cartridges and enough replacement XL-capacity color laser toner cartridges to achieve the total print samples page yields listed, using the manufacturers' online yields for the color laser printer, available at retail, per industry-available data as of March 2022. Yields when printing print sample suite verified by third party data.

2. Based on print speed black or color in Default Mode, in accordance with ISO/IEC 24734.

3. Black and color print speeds are measured in accordance with ISO/IEC 24734. Actual print times will vary based on factors including system configuration, software, and page complexity. For more information, visit www.epson.com/printspeed

4. 12 months of standard limited warranty or 80,000 plain paper sheets (whichever happens first). For an additional 12-month extended service plan (total of 24 months or 80,000 plain paper sheets, whichever happens first), register your product and use Epson genuine ink bottles. See Limited Warranty for details.

5. Epson Connect™ account and voice-activated account registration required. See www.epson.com/voice for device compatibility.

6. Most features require an Internet connection to the printer, as well as an Internet- and/or email-enabled device. For a list of Epson Connect enabled printers and compatible devices and apps, visit www.epson.com/connect

7. Wi-Fi CERTIFIED™, level of performance subject to the range of the router being used. Wi-Fi Direct may require printer software.

8. Actual savings will vary considerably based on print tasks, print volumes and usage conditions. Savings based on the empty weights of ET-5850 included bottles and enough replacement ink bottles vs a top selling color laser printer and the empty weights of included color laser toner cartridges and enough replacement XL-capacity color laser toner cartridges to achieve the total ISO page yields listed, using the manufacturers' online yields for the color laser printer, available at retail, per industry-available data as of March 2022. Weights of both empty ink bottles and empty color laser toner cartridges verified by third party data.

9. Based on comparing manufacturers' reported TEC values of the best-selling, similarly featured color laser printers priced about \$999 (USD) or less with print speeds of 40 ppm or less as of May 2021.
